We are well into the new year. I want to thank all the residents who came to the annual meeting and all the residents who put their vote in for me. I will again be on the board of directors and will be president for the next two years. I want to thank you for the confidence you have in me to continue this journey. Again, I want to thank all the volunteers for all that you do. You are what makes this park great. You are the ones that make things possible.

As we begin the new year, we have new members on various committees. Again, thank you for volunteering. The A and A committee is one of the committees that have all new members. They will be getting together and going around the park to remind residents of areas that need addressed.

Please take the time to look at your property and make sure you are complying. The key issues in the past have been weeds, power washing & clutter. If you have a boat, trailer or RV in the storage lot, please make sure they are clean (no green) and have updated plates. It would be really nice to start the new year where the committee would not have to send out any reminders.

We will be having a Volunteer Tribute on January 31, to acknowledge the volunteers of the park. If you have volunteered in any way, you are welcome to come. This is for volunteers and their spouses.

Your time is limited, so don't waste it living someone else's life. Don't be trapped by dogma -which is living with the results of other people's thinking. -Steve Jobs

We will no longer collect used ink cartridges. They only let you turn in 10 per month for a \$20.00 credit. We only get the credit if we buy their toner/ink. I can purchase the ink for our colored printer for around \$75 or less for all four toner cartridges (off brand). The toner at Staples is \$90 -\$120 per cartridge for a total around \$400+ for all four cartridges (Canon). The off brand is working fine as we mostly use our color printer for newsletters. I will be removing the box in the office and will no longer recycle the ink/toner cartridges.

FOR IMMEDIATE ASSISTANCE, please contact Mary Marsillett at (574)551-9655, Bev Tanke at (269)252-7546 or Dave Cali at (847)-800-0303 or one of the other board members.

TO ALL RESIDENTS

WE HAVE A GREAT PARK! Please take the time to read the bylaws of the park. When moving into this park, you agree to abide by these bylaws. Following these rules makes this a great place we want to live in. Several of the key issues are maintenance of property, pets, speeding, leasing of property & visitors. If any of these issues concern you, please re-read the bylaws to make sure you are complying with these rules. Let's keep this park the great place that it is. The book containing these documents for the park is to stay with the home when it is sold along with the clubhouse key. If you do not have a copy, please let Mary know. We will work to get you a copy. We will begin to charge for the book if the property is sold and the sellers do not have the book.

If you would like to be included in the monthly birthday list, there is a sign-up sheet in the clubhouse.

You must sign-up to have your name added to the birthday list!

Do you realize that the only time in our lives when we like to get old is when we're kids? If you're less than ten years old, you're so excited about aging that you think in fractions. "How old are you?" "I'm four and a half." You're four and a half going on 5.

You get into your teens, and you simply jump to the next number. "How old are you?" "I'm gonna be 16." You could be 12, but you're gonna be 16. Eventually. Then the great day arrives and you become 21. Even the words sound like a ceremony. You BECOME 21!!

Then you turn 30. What happened there? Makes you sound like bad milk. He TURNED; we had to throw him out. What's wrong? What changed? You BECOME 21. You TURN 30; You're PUSHING 40. You REACH 50. Then you MAKE IT to 60. By then you've built up so much speed, you HIT 70. After that, it's a day-by-day thing. You HIT Wednesday...

You get into your 80's; you HIT lunch, you HIT 4:30. And it doesn't end there... Into the '90s, you start going backward. "I was JUST 92." Then a strange thing happens; if you make it over 100, you become a little kid again. "I'm 100 and a half!"

John & Barbara Krohn

These folks hardly need an introduction, but for the new folks' sake, "here goes". Introducing John and Barb Krohn! Actually Barb is not new to Twin Fountains because she has been coming here for the past 36 years when she was visiting her parents who used to own the house at 240 Edgewood. Later her father sold his place and moved to 130 Candlewood Drive. John and Barb moved into her Dad's place in 2019 after his passing.

Both John and Barbara were both born in Port Huron, Michigan. She spent most of her childhood in Port Huron, then a little while in St. Clair Shore in Richardson, Texas. John, on the other hand, grew up at so many places, they were too numerous to list! They've been married for 56 years. Over the years, they've been blessed with 3 children (Kimberly, Kristine, and John) and 5 grandchildren (Brianna, Connor, Emma, Kate, and Max). Kate has visited here twice over the past two years.

John and Barb met at a Sunday School Party. It was a birthday for someone in their class. John got seated next to Barb and everything that was funny, Barb would "elbow" John in the ribs! Well, obviously, he loved those elbows coming his way and it wasn't long until he realized he didn't want to live without her any more. Well, 56 years don't lie and they're still together and going strong. John went into the Navy but got a medical discharge because of a bad back in November and in March of the following year, He and Barb were engaged! Now John would tell you that Barb asked him to marry her, but of course you know that's not the way things go but John likes to keep us guessing!

John likes 50's and 60's style music whereas Barb likes Country Music. Particularly Willie Nelson's "You were always on my mind". John's favorite is "Runaway" by Del Shannon. Their hobbies? John likes to go on cruises (but Barbara always arranges them) and Barbara loves reading and she does a lot of walking.

Now they've done some amazing things also - those Krohns! Did you know that Barb made her career with McDonald's and worked for them for 35 years? Yep! Also she knows Ronald McDonald personally (who can say that anymore?) and she was the employee of the year which was awarded by the state of Michigan. John has his claim to fame also and was big into bowling and golf. He must have had an amazingly strong swing arm! He has played two perfect games in bowling (Yes, a perfect 300 score – TWICE) and was awarded a gold ring to commemorate that achievement from the prestigious American Bowling Congress. Not to be ignored is the tremendous golf swing he had – John got a hole in one in golf!

Their Favorite activities at Twin Fountains are Bingo, Nickle-Nickle (actually, John hates Nick-Nickle but Barb loves it), and Shuffleboard. What they like best about Twin Fountains (and this tells you so much about these Krohns) is that everyone is like family to them. Get to know the Krohns and you'll discover what many of us have already discovered. These are great people!

Continuing from last month’s newsletter, the following is an overview of the Lake Wales City Council’s plans for the CRA Housing Development Project.

The Lake Wales Developer Incentive Program will give developers assistance to build affordable homes in the Core Improvement Area. This means that the actual assistance that is being offered is subject to negotiation and will be made in incremental payments during the construction process or at the project’s close. Also, the downpayment by the buyer is available on a case-by-case basis to encourage the home’s sale.

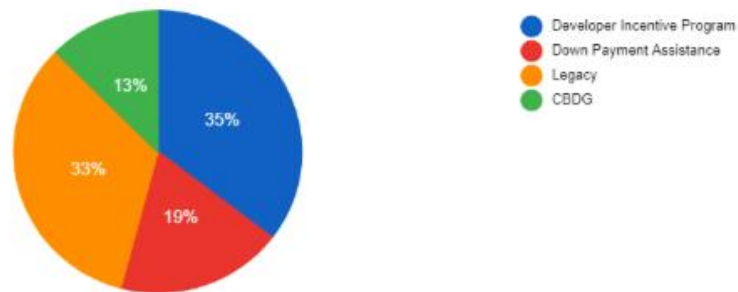

The CRA or Community Reinvestment Act of 1977 is meant to encourage insured depository institutions to assist Florida communities with various credit needs including low- and moderate-income neighborhoods. The Lake Wales CRA requires developers to sell homes to qualified homebuyers at or below 120% of the area’s median income level.

Downpayment assistance or DPA is a program offered to eligible home buyers that will provide grants, and low-rate loans. Examples of Downpayment Assistance include: \$25,000 cash grant for a downpayment on a home, Cash for mortgage discount points and other closing costs, and mortgage loans at a subsidized interest rate.

A legacy home is a home or cottage that will be passed down to future generations. CBDG is the Community Development Block Grant program that was created by the Housing and Community Development Act of 1974.

Lake Wales is partnered with the Housing authority to produce construction ready design drawings specifically for the Grove Manor redevelopment as a walkable, mixed income neighborhood. This includes partnering with a housing contractor who will build infill housing - constructing new homes on vacant or under-used lots that are interspersed among older existing properties that are in established neighborhoods in Lake Wales. Infill housing may also include major refurbishing or reuse of existing homes or commercial buildings) in the Northwest neighborhood which is mostly low-income housing around the Spook Hill and west Lake Wailes area.

Special Attention has been given to Orange Avenue and Lincoln Avenue. Orange Avenue just a little west of N. Lakeshore Blvd. which is on the west side of Lake Wailes. Orange Avenue goes from Johnell Caver Funeral Home all the way to a residential area with what appears to be smaller, Section 8 type homes. Below is a graph showing how the city will be spending the money on housing under their connected plan:

Orange Avenue intersects North First Street, which is very close to the historic Dixie Walesbilt Hotel. All of this information and more is on the Lake Wales Connected Plan website at:

This picture shows the area near the historic Dixie Walesbilt Hotel-that is slated for redevelopment. Lincoln Avenue is also off FL 17 and is close to Burns Road. The City is also working with Florida Housing Finance Agency to set up programs to assist first time home buyers. This chart shows the percentage of the city's budget for this project. **Continued on page 11**

In conclusion, the plans the city has and the companies with which it is working, makes it obvious that, with Florida being such a popular residential destination, and Polk County being one of the fastest growing counties in the great state of Florida, surely this city will be more than just an old town in the not-too-distant future.

3 New Restaurants Planned For Growing US 27 Corridor

Lake Wales continues its growth as businesses are popping up constantly. I noticed an oil change place that seemed to go up overnight next to Aldi's at Thompson Nursery Road and Hwy 27. Now Three more fast-food franchises are coming soon to the ever-growing US 27 corridor in the future, as Starbucks, Freddy's, and Checkers will soon break ground near Eagle Ridge Mall. Actually, Freddy's is almost finished with the other two not too far behind!

Two more independently owned and operated new restaurants are planned for opening on Highway 60: Locorrito and Brake Burger Garage. Two more are planned to open on 1st Street downtown and on Lincoln Avenue. Three more are aiming for construction on US 27 near the Eagle Ridge Mall. All three new restaurants will be located on the east side of US 27 and will occupy

among the last of the rapidly-filling mall outparcels. A Starbucks coffee outlet is planned for a site just south of the Wawa gas station/convenience store. The future Starbucks will share access drives with Wawa and an adjoining office building. No timeline has been set for construction, but city officials have confirmed that the project is in the works. Checkers Drive-in specializes in burgers and fries and is expected to occupy space next door to ABC Wine and Liquors, also facing US 27. It will share access with the south entrance to Eagle Ridge Mall. This writer has observed several Checkers going up in the Atlanta, Georgia area and was impressed with the project management to build these sites out so quickly!

These three new restaurants are expected to draw a significant portion of their business from travelers passing through the area, while providing more than 100 jobs in total, and contributing significant tax revenue locally. **TF**

A LONG TIME NORTHERNER HERE AT TWIN FOUNTAINS

Alice Kett (nee Thompson) of Chatham, Ontario and formally of Windsor passed away on the 16th day, November 2023. Alice was a wonderful, kind and talented lady who aged with style, and was loved by many. She was always a very happy and caring soul. Alice was born more than a few years ago on a Monday March 14th in St. Thomas Ontario to William and Hanna Thompson. She was predeceased by her parents, her three brothers Charles, Don, and Bill and her six sisters Jean, Ruby, Velma, Leila, Ila and Margaret.

Alice married the love of her life Del Roy Kett on Sept 16, 1939. They were together for more than 60 years until his death in 1999. **During that time, they lived in Windsor, then retired to Chatham, while spending many relaxing winters in Lake Wales, Florida where they enjoyed many new friends.** Alice and Roy had three children: Wayne, Greg, and Brian. An unfortunate accident took the life of their first son Wayne when he was just an infant, but they managed to heal from that early family tragedy to provide a wonderful home for Greg and Brian.

Besides being a terrific wife, mother and gram, Alice was also accomplished at many other things. As an athlete she excelled at 5 pin bowling, 10 pin bowling, golfing, lawn bowling and shuffle. At one time we thought we may have to build a separate trophy room to properly display her many awards. She was very accomplished at bridge and other card games and was also known to play billiards and even a little tennis. As for her artistic side; many a wall is adorned by her talents, everything from decoupage to needle point. If it was challenging and took skill, then Alice would tackle it. She would volunteer to assist at virtually anything where her help was needed. Alice was a social member of the Order of Eastern Star. Being the second youngest in her large family, as life progressed, she always took the time to provide care for several of her siblings and closest friends.

Although she never talked about it, she was a long term cancer survivor, and somehow managed to keep the most positive of attitudes as she journeyed through the various stages of dementia during the past few years. She led by example, and provided the rock solid foundation of support for our family. Alice was the ultimate wife, hockey mom, baseball mom, golf mom, bowling mom, homework mom, paper route mom and on and on. And from this example her two boys would build their own families that she would love as well: Greg with his wife Janet, and Brian with his wife Catherine. She loved all her five grandchildren and their partners Matthew (Rebecca), Andrew (Megan), Emily, Leesa (Brad) and Taryn (Kevin), and great-grandchildren. Alice's life was a life that was well lived, and touched a large number of people in a very positive way. She packed an awful lot into those never more than "29" years. We will all miss her very much but are thankful we have had her as a major part of our lives for so long. Our heartfelt thanks to the wonderful staff at Riverview Gardens for their thoughtful and respectful assistance over the past several years. Memorial donations on behalf of Alice would be encouraged to the Alzheimer Society of Chatham-Kent / Alzheimer Society of Canada, the Canadian Cancer Society, or of course any charity of your liking. Cremation took place with Life Transitions, and a celebration of life and interment will take place in the spring.
